A Day In The Life Of Quarantine
By: Ben C.

Usually, I wake up at 6:15 in the morning to get ready for school but because of COVID-19, I can sleep in and watch TV when I wake up. Next, I eat breakfast at 8:45 and start school at 9. During school, I do one or two activities from a choice board and then work on the big project also called the performance task. After I do my work for the day, I read for an hour. Then, I eat lunch. After lunch, I play outside or do more reading. At 2 or 2:20 then I go to play golf. To play 18 holes in golf usually takes about 4 hours. I get home at about 6 and watch TV until it is time for dinner. After dinner, my sisters and I watch a movie and then go to bed. Most of the things I do during my day would not happen if it were not for COVID-19. I am doing ok during the quarantine and I hope you are too.
